

Tips to Help Prevent Fraud after a Security Breach

- Monitor all your monthly statements for any unauthorized payments.
- Never click on links in unsolicited emails that you receive.
- Delete any unsolicited emails. Don't even open them!
- Check your credit report at least once annually.
- Never give out your financial information over the phone or online unless you initiated contact.
- Update your operating system whenever security patches are available.
- Use spam blockers, firewalls, virus protection, and adware & malware destroyers.

Please see the Equifax website for more details and ways to protect yourself: <http://www.equifaxsecurity2017.com/>.

NOTE: MMFCU does not use Equifax.
